SPORTS INJURY PROTECTION

In the U.S., about 30 million children and teens participate in some form of organized sports. Almost one-third of all injuries incurred in childhood are sports-related injuries.¹

Participating in organized sports is a common childhood experience, unfortunately, so are the injuries that accompany it. These injuries can occur anytime during your child's athletic career which can cause a financial strain on your family's budget.

We provide coverage for your child's medical expenses for injuries sustained while participating in sports activities.

**If you're child is injured from a sports activity,
Family Heritage has you covered.**

RETURN OF PREMIUM:

**Our Program makes sense even if you never file a claim.
We return 100% of your premium less any claims paid.**

Cash is paid directly to you when you suffer a covered loss.

Accidents

If your child suffers an accident while participating in a sport, cash is paid directly to you to help pay for out-of-pocket expenses and other unforeseen costs.
